

 HESTAN<sup>®</sup>

SPRING 2022 CATALOG

Each line of Hestan cookware combines high-performance and highly-durable materials to deliver cookware that not only cooks beautifully — but will still look beautiful for years to come. We worked with chefs to reimagine cookware. They needed cookware that would not only live up to their exacting standards, but would hold up to the demands of a professional kitchen. 14 global patents later, Hestan Culinary delivered that new level of performance.

Hestan Culinary has worked alongside America's greatest chefs to develop cookware collections to complement any cooking style with striking beauty, peerless performance and unmatched innovation. NanoBond Molecular Titanium, CopperBond Induction Copper, ProBond Clad Stainless, Thomas Keller's Insignia — each collection marries groundbreaking materials with impeccable craftsmanship that you simply won't find anywhere else.

---

# THE HESTAN ADVANTAGES

---

Ideally weighted and French-inspired, ergonomic handle designed for greater comfort and total control

The triple-bonded construction with exclusive ProCore™ heats 35% faster than typical clad cookware

Flush rivets prevent buildup of food residue and allow for nesting for storage

Sealed rims will never split or delaminate

Flared rims allow for drip-free pouring

20% greater cooking surface than skillets of the same size

Induction compatible

Handcrafted in Italy 

Lifetime warranty

---

## ITALIAN MADE

---

Every piece of Hestan cookware is built in our own factory in Italy, optimized for induction and handcrafted to the highest standards of fit and finish to ensure beautiful performance for years to come.

# NANOBOND™

MOLECULAR TITANIUM

Hestan NanoBond, our flagship collection, is the first innovation to stainless steel cookware in 100 years. Its revolutionary cooking surface is 400% stronger than typical stainless steel cookware. Thousands of titanium nanolayers protect your cookware from stains and scratches — ensuring a lifetime of beauty. You'll find NanoBond's molecular titanium gleam in acclaimed kitchens across America. Its incredible durability coupled with incomparable heat conduction deliver reliable performance dish after dish.

# COPPERBOND™

## INDUCTION COPPER

CopperBond takes this pinnacle of culinary performance to an even higher level with a line of copper cookware that can withstand the rigors of chef usage without the maddening maintenance. A pure copper core protected by 5-layer construction delivers exceptional conductivity, while the wraparound stainless steel base also allows for phenomenal induction cooking — a first for copper cookware.

# PROBOND™

FORGED STAINLESS STEEL

Affordable luxury for the everyday chef, ProBond Forged Stainless Steel marries the heavy-duty resilience of cold forged steel with the performance of stainless. Our cold forging process provides a thicker base for even heat distribution, thinner side walls for lighter weight and thicker rims for increased durability. It not only delivers the conduction and control to master new dishes, ProBond will look beautiful for years (and recipes) to come.

# PROBOND TITUM™

## NONSTICK SYSTEM

Hestan's exclusive TITUM™ Nonstick finish delivers the first nonstick surface that lives up to the durability, performance and longevity of professional-quality cookware. In fact, TITUM's three-layer PFOA-free cooking surface is 22x more durable than other nonstick. And its exceptional high-heat tolerance delivers excellent searing, browning and deglazing performance.

## MIX & MATCH

---

Every piece of Hestan Bonded cookware is crafted with the same thoughtful styling and innovative design features. So you can mix and match to build the perfect cookware collection for your cooking style. CopperBond saucepans for delicate control. NanoBond skillets for high-heat searing. ProBond Essential Pans for the weeknight workhorse. And, of course, TITUM™ Nonstick for omelettes and pancakes. Each line shares interchangeable lids and nests neatly together for easy storage. And they all complement each other with striking style and durable beauty.

# CULINARY INNOVATION BUILT IN NAPA VALLEY

---

As a company, Hestan is built upon a shared love of food and innovation. From what you cook on to what you cook with — even the wine to complement the meal — Hestan delights in the details of cooking. Hestan founder Stanley Cheng pioneered hard-anodized aluminum cookware in the 1970s — the breakthrough that ushered in nonstick cookware. Hestan Culinary continues to raise the bar for cookware with groundbreaking materials and thoughtful design.

Hestan's team has also worked with America's greatest chefs to reinvent the commercial kitchen. That's why you'll find Hestan appliances in Chef Thomas Keller's acclaimed restaurants, The French Laundry, Bouchon Bistro, Per Se, Ad Hoc, La Calenda, and The Surf Club. And now, that level of true chef-proven performance is available for your kitchen from Hestan Indoor — and even the backyard with Hestan Outdoor and Aspire outdoor kitchens. Hestan Cue Smart Cooking system inspires your cooking skills with seamless control and chef-guided recipes. And, of course, Hestan Vineyards' acclaimed limited-release wines pair perfectly with your new favorite dishes with distinct tastes of Napa Valley terroir.

**HESTAN**  
VINEYARDS

Hestan's limited-release wines offer an award-winning and distinct taste of the Napa Valley.

**HESTAN**  
COMMERCIAL

Hestan is reinventing the restaurant kitchen with award-winning innovation and American-made durability.

**HESTAN**  
INDOOR

Hestan delivers chef-proven performance to the home with unrivaled power, exceptional control and thoughtful technology.

**HESTAN**  
OUTDOOR

Built in California from superior-grade materials, Hestan Outdoor introduces a new level of performance to the backyard.

**HESTAN**  
COOKWARE

Handcrafted in Italy to the highest standards of fit and finish, Hestan Cookware delivers revolutionary performance and lasting beauty.

**HESTAN**  
SMART COOKING

Hestan Cue helps you become a better cook with smart cookware, induction cooktop and recipe app working in unison.
